RUTLAND

"The Marble City"

The publishers of this Directory have attempted in the following pages to give the outstanding features of the City of Rutland. The local resident or businessman as well as the potential visitor will have at hand a ready reference about the city and its people. The purpose here is to portray as much of Rutland's charm and greatness as is consistent with facts.

The Directory is in effect an encyclopedia of information about the city. It shows localities, street changes, growth of sections and general city changes. The names of residents give evidence of racial characteristics, which is helpful to anyone making a detailed study of Rutland.

The Rutland Directory becomes a part of the Free Library Exchange System of North America, and through this medium disseminates information about the city far and wide.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77, Schenectady 100, Buffalo 379, Chicago 933, Elmira 286, Troy 99.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 561 feet above sea level. Contains land area of 8.113 square miles, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating sky line. To the west are more unusually beautiful mountains, Bird Mountains and the northern end of the Taconic Range forming the western wall of a very attractive valley running into Massachusetts and the Berkshires and to the north a broad valley reaching into the Champlain Valley. From any high point in the city of Rutland can be seen Taconic range mountain peaks to the southwest, which separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or parks. Mountain climbing within a few miles of city. The trail to Mt. Killington, over 4,200 ft. in height, is a notable mountain climbing stunt. For lesser climbs there are Shrewsbury 3,700 ft. and Pico 4,000 ft., and trails in the Green and Bird Mountains. Lake Bomoseen at a distance of 12 miles is of crystal clear water, some 10 miles long. Lake Dunmore, 26 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction for camping, boating and bathing, and other lakes nearby.

The proximity of the "Long Trail," passes within 10 miles of Rutland, doubling along the ridge of the Green Mountains, and crossing following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of Killington and Pico. This is one of the most famous trails in eastern North America, and is popular. Rutland is one of the supply points on this trail. Winter sports area on Pico Peak much frequented by Rutland ski enthusiasts. A modern swimming pool and a family recreation area "Rocky Pond" add much to the recreation facilities.

INDUSTRIAL—Rutland is a leading industrial community. There are 50 plants making a variety of more than 50 products valued over $22,000,000. A number of nationally known firms are included in Rutland's manufacturing family. General Electric, Samica Corporation (a division of Minnesota Mining and Manufacturing Company) Howe Scale Company, Rutland Fire Clay, Tuttle Law Print, Tampax Inc. and the Albert Rosenblatt & Sons firm (manufacturers of Mimi and Susan Ross dresses). RUTLAND

Trading Center for a Population of Over 100,000

NEW DEPOT PARKING LOT CENTER OF BUSINESS DISTRICT. OFF STREET PARKING FOR 1100 AUTOMOBILES IN BUSINESS DISTRICT

A Charter was granted to the Town of Rutland on September 7, 1761, and Rutland was organized as a City on November 19,1892. It has a population according to unofficial 1953 census of 18,000. City and town 20,000, present estimate 21,000.

Rutland known as "THE MARBLE CITY", is located midway of the State of Vermont north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Boston is 167 miles, New York City is 235 miles, Montreal is 165 miles, Philadelphia is 325 miles, Baltimore is 420 miles, Burlington is 68 miles, Montpelier is 66 miles, Glen Falls is 50 miles, Albany is 90 miles and Schenectady 100 miles.

Rutland is an industrial center and the largest railroad center in the State, served by the Rutland and the Delaware & Hudson Railroads. State and Inter-state buses serve the city.

Industries are seeking advantages of attractive topography, open country in which to expand and build homes for employees, good transportation facilities, a friendly and progressive people, natural resources of agriculture, dairying, mineral products.

Hotels, inns, tourist homes and cabins, restaurants, grills and diners for every taste and every purse are located in Rutland. City water supply from pure mountain brooks.

Rutland Commercial Area

The view shown below gives some idea of how vast and attractive is the Greater Rutland terrain in which industries and business houses can locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland has available for homes. Railroads in five directions. Highways in seven directions. Airways in process of planning. The purest of mountain brook water feeds the reservoirs.

Plenty of Building Room with the Remarkable Sky Line to the East

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies a particularly pleasing sports and playground with lakes, mountains and valleys. Winter and summer sports have become a substantial industry. New industries are coming to Rutland. Consumer markets are in this section of the country. A spirit of welcome prevails. 100,000 people in the trade area. 34,000,000 consumer population within 500 miles.

There are 323 retail and wholesale establishments occupying over three miles of store frontage on seven streets. 262 of these are proprietors or co-partnerships and 61 are corporations. Nearly 2,000 clerks are employed. There are over 200 professional offices.

Recreational Rutland

In Promoting a Greater and Better City, it has been the aim of the planners of Future Rutland to give full emphasis to the Pleasure and Health aims for our Citizens. Prominent Recreation and Sports are Athletics, Hiking, Mountain Climbing, Horseback Riding, Trail Tramping, Snowshoeing, Skiing, Camping, Picnicing, and just pure relaxation in the buoyant healthful atmosphere of Rutland County.

In addition to the sports possibilities of the Mountains to the east and west of Rutland, there is a Development of Recreational Facilities within the city, to make life more happy. Golf Courses, Tennis Courts, Baseball Parks, Athletic Fields, and the Finest Municipal Bathing Pool in the State are already possessed and more planned.

The experienced mountain climber can try Mt. Killington rising to an elevation of over 4,200 feet, or Pico Peak of some 4,000 feet, or Mt. Shrewsbury of 3,600 feet. These are nearby and accessible, and all are visible to the east from the city. Ten miles to the west are the Bird Mountains, which are really the beginning of the grand Taconic Mountains ranging south along the Vermont-New York State line into Massachusetts and Connecticut; this range culminates in famous Mt. Equinox of 3,800 feet and visible to the south in clear weather and certain locations in the city. Greylock Mountain in Massachusetts is a spur of this range and is the highest point in that state.

Rutland Municipal Bathing Pool

Some notable Trails run over these mountains, and Rutland is one of the supply points for their large number of hikers.

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis are part of the regular school schedule of athletics. Rutland professional baseball has thrived here, and as a member of the Northern League has reached attendance as high as 6,000 at a game.

It is coming increasingly into the picture of Recreational Rutland that this a very healthful climate and sports are a part of that climate.

LETTERPRESS OR OFFSET PRINTING

Our two-fold printing service may prove valuable in your business.

First -- We offer you the facilities of our complete letterpress printing department, well equipped to handle any job from a hundred business cards to a 1000 page book. Stationery, office forms, advertising folders, pamphlets and clothbound books are readily handled on our equipment.

Second -- Our offset printing department offers you the advantages of this modern process. Offset printing is economical for office forms, blanks, drawings, tracings, letterheads in color, without the customary typesetting or from your printed copy. Photographs can be reproduced on bond or rough papers.

Copy can be set in regular type, varityped or hand lettered. Varityped forms are ideal for interoffice use and letters are quickly and economically reproduced.

May we discuss your printing problems with you?

Write your views to them on all important local, national, and international legislation to come up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under wrong influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgment and common sense. Guide them with good old-fashioned, home-town logic and help save America from pitfalls which daily threaten your constitutional rights.

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE BEST ADVERTISING MEDIUM IS THE

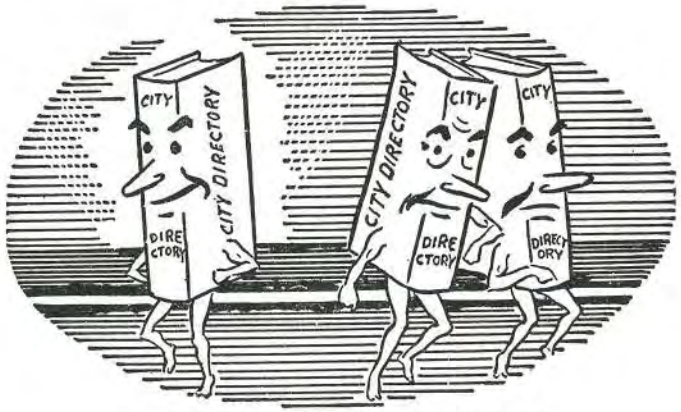

CITY DIRECTORY

Because It Is Used The Most To Find Just Such Information You Most Wish To Have The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

Publishers' Notice

The following pages are devoted to the interest of industrial, educational, mercantile and professional Rutland. In these pages will be found announcements of all classes of business houses, placed here for the purpose of enlightening those who would BUY IN RUTLAND.

In no other place will such a huge amount of data regarding Rutland be found. It represents indefatigable labor on the part of the publishers coupled with the progressive and co-operative spirit on the part of those listed herein. RUTLAND thus writes a milestone in its history that must have far reaching effects on its progress.

If this book serves you and your city you can do no less than give recognition to the men and institutions who have made this possible. Some important men in Rutland have had such belief in this Directory that they have gladly given of their time and finances that some of the institutions might have registration. To these men in particular we wish to offer our congratulations and gratefully acknowledge their civic spirit.

The Churches

WITH A TOTAL OF TWENTY-SIX CHURCHES representing all the leading denominations, Greater Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlanders of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

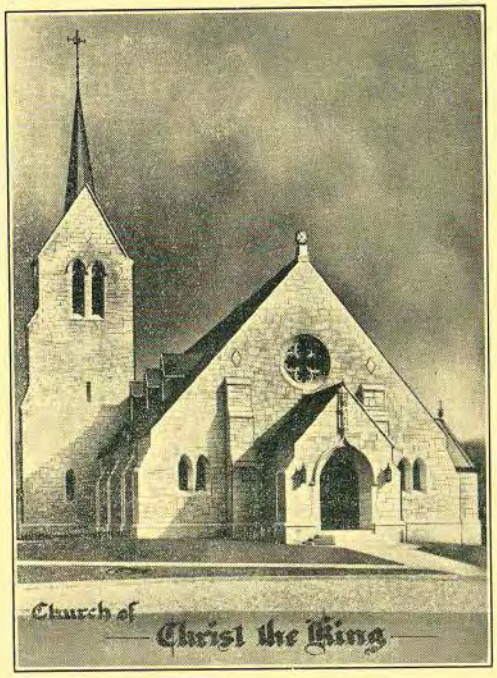

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us. Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

A Factor for Progress

VISITORS IN OUR CITY ARE WELCOME IN ALL CHURCHES, REGARDLESS OF FAITH, CHURCH, OR CREED

Every City Must Have a Directory

....not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

WHY ADVERTISE IN MANNING'S DIRECTORIES

You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

Insure your Advertising Appropriation with—
